REMARKS

The disclosure was originally objected to because of some informalities. Responsive to this, the specification is corrected in accordance with the Examiner's instruction and it is believed that the objection should be removed.

Claims 1 and 2 are rejected under 35 U.S.C. 103 (a) as being unpatentable over McGraw '436 in view of Wells, Jr. '012. However, the Examiner has pointed out that claims 3-6 are allowable.

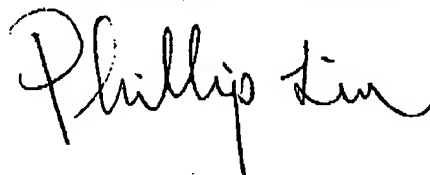

Responsive to this, claims 1 and 2 are deleted and claims 3-6 are maintained to be allowed.

In view of the foregoing amendments and remarks, Applicant submits that the application is now in a condition for allowance and such action is respectfully requested.

Respectfully submitted,

Chih-Ching Hsien
